ABOUT US

Established in the year 2017, We at Shethwala Polymers & Plastics Inc. deal in manufacturing, trading & exporting one of the most superior plastic injection mould & blow mould products. Shethwala Polymers & Plastics Inc. is a renowned name in the field of Industrial Plastic Products. We have a distribution center in Ahmedabad. Our manufacturing unit is also located in Ahmedabad, which employs well trained and experienced resources who are continually dealing with manufacturing quality products with the help of state of the art technology and constant training and research.

Necessity of plastic made product is inevitable. Markets are filled with companies which are engaged in delivering customers the best plastic products. And amongst those entities, we, Shethwala Polymers & Plastics Inc., are a company which stands tall. We are a company which commenced its business activities not long ago but with our immense efforts and truthfulness to commitments to serve quality has led us towards achieving this success. Our work as a Manufacturer and Exporter is appreciated the most in this industry, as we ensure that our clients are treated well at the time of business dealings and are served with the best of what this market can.

The portfolio of our offerings include Industrial buckets, Paint buckets, Crates, Light Weight Jerry Cans, Heavy Weight Jerry Cans, Dustbins, Kitchen Containers, Epoxy Sets. We primarily deal in manufacturing, trading & exports of plastic products such as emulsion / primer / distemper manufacturing storage & transport containers, fruit & vegetable markets & individually by their vendors as well for usage crates for storage, cold storage, transport and stacking purpose, agro industries, cattle feed & fodder industry containers, dairies and hotels food stuff storage, stacking & transport, chemical / acid and other liquid storage & transport jerry cans, green & dry waste collection & disposal garbage solutions, bio hazardous waste disposal dustbins for hospitals and industries, buckets for various industrial & household purposes, epoxy sets including containers, bottles, epoxy grout strips for tiling in real estate & construction industries, pure virgin food grade quality containers for household kitchen purpose. The exporting activities of our company have put a good impression on customers of different regions of the globe, such as MENA (Middle East & Northern Africa), CIS Countries, Australia, European Countries and American Continent. We ensure that the Industrial items are manufactured using PP (Polypropylene), PPCP (Polypropylene Co-polymer) Virgin which is next to Virgin quality or Food Grade quality & HDPE (High-density polyethylene) Virgin which is also next to virgin quality.

WHY US ?

Each one of our offering is developed under strict adherence to the norms of quality and is assured for its flawlessness. This is because we know that plastic made products are only availed due to their attributes such as high durability, low cost, lastingness, etc. If we fail to offer our clients such a quality of products then it would immediately put a bad impression and might make us become unworthy to deal with. Working with such a sincerity, we ensure that the Industrial items are manufactured using PP (Polypropylene), PPCP (Polypropylene Co-polymer) Virgin which is next to Virgin quality or Food Grade quality & HDPE (High-density polyethylene) Virgin which is also next to virgin quality.

We believe in providing the best services to our customers. We clearly understand the importance of timeframes and pricing, therefore we work on the principle of economies of scale which allows us to provide the best price.

We do need base serving to our customers along with latest design & style. We also offer tailor made products according to client needs and requirements. While our industrial products are manufactured considering their use and accordingly strength of the product is maintained. We cater to multiple industries where each industry is served as per its necessity, which gives them edge on their competitors by getting value deals.

We believe in evolving according to the needs and changes in environment therefore we have an aggressive team of professionals who are trained and mentored in order to keep their pace to the changing environment.

Some other features of our company include:

- Ethical Business Practices
- Complete Orientation Towards Customers Satisfaction
- Best Prices On Products
- Quality Assured Offerings
- Punctuality In Terms Of Delivery
- Diligent & Trained professionals working towards company goal
